

## AJB-IG10A

## Multi-Apartment IP Video Intercom System

### MAIN FEATURES:

- 7" touch screen
- Talk with all tenant units
- Monitor all lobby phones
- TCP/IP communication

### DESCRIPTION:

IP Guard station with 7" touch screen and handset. IP30 protected, suitable to be used on a table top or wall mounted for internal use only.

### SPECIFICATIONS:

APPEARANCE		SYSTEM	
Dimension (L×W×H) mm	300×190×120	Screen resolution	800×480
Screen	7" TFT LCD	SoC chip	TI DM365
Housing material	ABS	Protocol	TCP/IP
Installation	Table top/wall mount	OS	Linux
Touch screen	Yes	Storage	2GB
Mechanical button	Yes	Communication method	TCP/IP
Built-in camera	1/3" CMOS 420TVL >0.2LUX	All channel loudness (dB)	18dB±5dB
IP protection rating	IP30	Non-linear distortion (%)	≤10
Resistive touch screen	Yes	Channel SN (dB)	25≥
Capacitive touch screen	No		
WORKING STATUS		FUNCTION	
Standby current (mA)	≤250mA	Remote unlock any door and save unlock record	Yes
Working current (mA)	≤500mA	View real time video of door station panel	Yes
Max power consumption (Watt)	6W	Call any apartment monitor	Yes
Rating voltage (DC)	13.8V	Receive and save SOS message from any apartment monitor	Yes
WORKING CONDITION		Working with PC management software	Yes
Working temperature	-13°C~+57°C	Working without PC	Yes
Working humidity	45%~95%	Remote firmware update	Yes
Working atmospheric pressure	86~106kpa	Ringtone selection	Yes
