

## Smart security, Simplified connection

- 7 Inch touch screen monitor
- HD 1080P Door camera
- IC card & passcode access control (VM-202Kit-ACS)
- Mobile phone remote control (via TUYA App)

- **True 2-Wire IP Connection:** Utilises a simple, polarity-free 2-wire setup (S PoE) to carry power, data, and crystal-clear 1080P video over standard non-STP or network cabling.
- **Tuya Smart Integration:** Connects seamlessly to 2.4G Wi-Fi to enable full remote control, live monitoring, mobile push alerts, and remote unlocking right from your smartphone.
- **Internal Intercom (Indoor Calling):** Supports targeted room-to-room audio communication between indoor monitors configured within the same residential system.
- **Modular Expandability:** Scale standard systems effortlessly up to 6 indoor monitors and 2 outdoor door stations to protect larger layouts or multi-family properties.
- **Automated Image & Video Recording:** When a visitor presses the outdoor call button, the monitor instantly captures their photo or automatically records a full video stream based on your menu preferences.
