AARC EVAC™

Wireless Linked Emergency Broadcast Alert Systems

Wall Mount Single Button Remote Wireless Transmitters

ATX3 Series Single Button Wall Mount Alert Transmitters

These battery powered transmitters are available for remote triggering the following alerts:
- Evacuation
- Lock Down
- First Aid
- Duress
- Natural Disaster Warnings

Other functions also available:
- Cancel
- All Clear
- Drill

For use in Education, Industry, Mining, Government, Community Health, Leisure, Medical, Tourism etc.

AARC-EVAC™ Wall Mount Alert Panel transmitters use a 1 - 2 channel digital wireless link to remotely trigger "Evacuation", ("Lock Down" – optional) and one of up to 8 or 9 unique First Aid Assist or Duress assistance zone messages, plus a "Cancel" signal to the AARC-EVAC™ Receiver/ Message Players and/or the AARC-EVAC™ Wireless Linked Visual Alert Beacon Units.
These Alert Panel transmitters are designed to be wall mounted.

- Easy installation - Wireless Linked Digital Radio system no wires or wiring required
- Long Battery Life: greater than 1 year with average use
- Optional: 3 sec button press required to trigger an alarm (to avoid accidental or nuisance triggering)
- Designed & Manufactured in Australia
