NEXI-LIT-27

2U Rackmount Server Appliance

DESCRIPTION

NEXi **(LIT)** is a compact, short-depth appliance designed for fast, efficient deployment in small to medium-scale VMS environments.

It delivers reliable, space-saving performance where installation depth and footprint are constrained.

Dual **1GbE** networking provides stable, VMS-ready throughput, ensuring consistent performance across surveillance workloads.

The system features **4** hot-swappable drive bays, each supporting up to **30TB** for flexible, high capacity storage expansion.

APPLICATION

Support up to **32** channels with average recording resolution of **6MP** with AI object detection.

WARRANTY

3 Years RTB (Return to Base) warranty.
